Easy JIP[®]

BASEBOARD CLEANER & FLOOR STRIPPER

Utilizing a special, concentrated, solvent system, this stripper re-dissolves floor polishes rather than breaking the polish loose from the floor. This foaming aerosol product is ideal for use on vinyl covebase and in areas of the floor that can't be reached by floor machines. Simply spray the product onto the surface, allow the stripper to soak to dissolve the floor polish. Agitate if necessary and wipe the surface clean with a damp sponge.

Features	Related Benefits
- Water-based solvent system	- Penetrates and emulsifies
- Vertical clinging action	- Effective vinyl covebase stripper
- Non-ammoniated	- Low odor
- Dissolves polish fast	- Save time and labor
- No neutralizing required	- Evaporates without powdering
- Aerosol dispenses inverted	- Easy to use

Areas of Use -

- Schools, universities, child care centers
- Grocery stores, malls, retail stores
- Hospitals, health care facilities
- Contract cleaners, office buildings
- Restaurants, cafeterias

To Use -

Hold the can upside down, 4-6 inches from the surface, and apply a moderate surface covering foam. Wipe overspray off adjoining surfaces. Allow solution to remain in contact for 3-5 minutes before scrubbing, or longer for heavy build up. Wearing rubber gloves, use a nylon pad or hard bristled brush and scrub the surface. When cleaning is completed, pick up cleaning solution and rinse thoroughly with clean, warm water. **See label for complete directions and use only as directed.**

Specification Data

Available Sizes - 12/1 Aerosol	Physical State - Liquid
Color - Colorless	Fragrance - Solvent
Flammable - No	Ammonia - None
Specific Gravity - 1.00	pH - 10.2
